

Reminder: Lease Rule #19/20

I acknowledge that I have read lease rules #19 and #20 for 308 N. Prairie which states as follows:

Rule #19: Tenant shall not install any window air conditioner without first obtaining Landlords approval. Any air condition must have an EER rating of 10 or higher, and must use less than 8 amps.

Rule #20: No furniture in elevator. The elevator is old and not built for freight. Tenant will be responsible for any repairs caused by excessive use of the elevator. Repairs can cost \$1,000 or more. If you need help moving in, please contact our offices.

I agree to follow rules #19 and #20 as state in the lease and on this addendum.
